Subject: JBR bond calcs for Pelican Point

CC: "Marit Sawyer" <msawyer@jbrenv.com>
Susan,

Geneva Rock has retained the services of JBR Environmental to assist us in preparing documents to submit to the Division of Oil, Gas and Mining. They are currently assisting us with our Pelican Point quarry. Please accept the bond calculations worksheet which they have submitted as information to complete documentation for this facility. The bond worksheet should show a total bonding amount of \$497,412.

Thanks,

Tony Christofferson

Property/Environmental Manager
